Re : Homer Shomer

IIII

Dear Sir,

as agreed I had Valerie call her father to just get in comm with him. She was not willing to do it first and did not feel ready that she could talk to him. I handled her and she did call. The conversation was all very pleasant good roads fair weather type with no entheta, antagonism or any 1.1 coming up. Just sort of How are you, What are you Doing type stuff back and forth.

Homer is doing the same job as some sort of salesman. He is still living with his brother in Bolster Colorado and has the same 2d he had the last time.

His address and phonenumber is : 303 499 6436, 4105 Aurora Ave, Boulder Colorado 80302.

It sounds like next weekend he will be out of town in Sacramento to some sort of family meeting.

He was very pleased to hear from Val and wants to possibly see her when she takes her holiday.

He also asked about Milt Wolf and how he was doing. Milt was a good friend of his.

After our talk I then called and briefed Milt Wolf who agreed to call Homer and see if he is agreeable to come out to LA and get a session. I also asked Milt to check out if Homer is still interested in doing the Amnesty which he had started earlier.

Milt did call but Homer was not in and Milt was told that he is out of town with his 2d til sunday evening. Milt will call him back then,

Mlv Klaus
